1867.

Dorchester Antiquarian and Historical Society.

At a meeting of the Resident Members of the Dorchester Antiquarian and Historical Society, held at the house of Hon. E. P. TILESTON, in Dorchester, January 19, 1867, the President in the chair, the Annual Report of Donations having been submitted and accepted, it was, on motion,

Resolved, unanimously, That the public thanks of this Society be gratefully tendered to the several institutions and individuals by whose generosity the Library and Cabinet of the Society has, during the year past, been augmented and enriched by donations of books, pamphlets, maps, engravings, coins, relics and curiosities, that is to say:—

To the Commonwealth of Massachusetts, the City of Boston, the Town of Dorchester, the New England Historic-Genealogical Society, the Essex Institute, Giles Symonds, Esq., of *Dorchester, England*, Hon. Charles H. Warren, Edwin A. Wadleigh, Esq., Hon. E. P. Tileston, Henry G. Denny, Esq., Benjamin Cushing, M. D., John Langdon Sibley, A. M., Samuel G. Drake, A. M., Nathaniel W. Coffin, Edmund J. Baker, Esq., Col. Charles B. Fox, Capt. Ambrose H. White, Henry H. Tuttle, Nahum Jones, Samuel Blake, William T. Adams, Nathaniel W. Tileston, William T. Carlton, Charles Tileston, Ebenezer Clapp, R. Thaxter Swan, Edward Jarvis, M. D., Hon. James M. Robbins, James Swan, Charles M. S. Churchill, Esq., Edward Holden, William B. Trask, the daughters of the late Rev. John Pierce, D. D., Miss Elizabeth Dorr.

A true copy of record.

Attest:

EDWARD HOLDEN, *Librarian.*

TWENTY-NINTH ANNUAL REPORT

1867.

REPORT OF THE SELECTMEN.

The undersigned, Selectmen, Overseers of the Poor, Board of Health, and Surveyors of Highways, at the close of the third year of their official duties, would respectfully submit the Twenty-Ninth Annual Report of the Expenditures and Receipts of the Town of Dorchester, for the year ending January 31st, 1867, and also offer such explanations and suggestions as to them seem proper.

SCHOOLS.

The expenditures for the maintenance of schools have much exceeded the amount appropriated, including the income from school property. The reasons will be fully, and, we doubt not, satisfactorily explained by the School Committee in their report, all expenditures on account of schools being under the direction of that Committee.

POOR IN THE ALMSHOUSE.

In the early part of the year, Mr. John Keen, then superintendent, resigned his position, and it was a source of anxiety to us to know how to fill the vacancies of superintendent and matron thus made, by those who were fitted by experience and temperament

for those important trusts. We are glad to be able to report that, by securing the services of Capt. Charles Spear and his wife, the present superintendent and matron, we have our anxieties removed, and we feel that the care of and attention to the inmates, although very much increased while the alterations were being made in the almshouse, have not been abated, nor has the general comfort of the occupants suffered by the change.

Capt. Spear, as a superintendent of workmen on the highways, in his care of stock, and as an adviser in repairing streets, has given us most complete satisfaction.

It has been our endeavor to make the almshouse a comfortable home for those of our people who are necessitated to live there ; we believe, making due allowance for age and infirmities, that it is as happy a home as a majority of those in the town. The alteration made in the building has added ten comfortable sleeping rooms, and a large sitting-room or hall, which may be used as a chapel for religious services on Sundays, clergymen of our town, and other persons, having kindly offered to officiate.

The general health of the inmates has been good the past year. But one death has occurred ; that of a person who was taken there when quite sick with consumption. The gratitude expressed by him for the kind attentions he received from the superintendent and the matron, and his oft-repeated wish that he had come sooner, gave us the pleasant assurance that the comfort and welfare of the inmates are well

attended to by those in charge, and that our almshouse is not the much-to-be-dreaded last resort which the poor and needy often think it to be. The present number of inmates is seventeen; admitted during the year, six; discharged, eight.

One female was sent to the institution from the jail at Dedham, under the provisions of chapter 178, section 16, General Statutes, whose sickness was a source of considerable trouble and expense. We expect the county will pay the expenses incurred for nursing and the physician's bill, in addition to the compensation named in the law before mentioned.

The number of persons furnished temporarily with food and lodging the past year is *four hundred and fourteen*. The number seems large, but we still feel, as was stated in a former report, that the town can better afford to lodge and feed such persons than to turn them away to annoy our citizens by begging food and shelter. Second or third comers of this class will be complained of as vagrants or vagabonds, (unless they can give satisfactory excuses,) under the provisions of chapter 235, Acts of 1866. The cost of the alterations has slightly exceeded the appropriation, but we feel that the expenditures were demanded for the comfort of the inmates, and also that the building is creditable to the town.

POOR OUT OF THE ALMSHOUSE.

The expenditures under this head have, as was anticipated, been increased by the operation of the

law of 1865 relating to the settlement of soldiers and their families.

The expenditure for coal was large. Anticipating the rise in price and an increased demand, we purchased and paid for seventy-five tons, and have now on hand a little more than half of the purchase. Deducting the value of the coal now on hand from the whole amount expended will leave a balance of the appropriation unexpended.

INSANE IN HOSPITALS.

The number of persons supported in different hospitals at the expense of the town the past year is eight; discharged, one; escaped, one.

The amount of expenditures for these unfortunates we cannot control. These persons cannot be properly provided for at our almshouse.

HIGHWAYS.

We have expended a much larger sum for the repair of the highways this year than was appropriated. The streets in all parts of the town have been kept in as good order as could be done with the labor of two large gangs of men, under charge of Capt. Spear and Mr. T. P. Lucas, employed from April to December. The compliments the town has received for the great improvement in the condition of its streets, and the thanks expressed by our townsmen, assured us that, although a large sum of money was being expended, the town would be better pleased with the expenditure and good roads than with a

smaller sum expended, less work done, and poorer roads. The experience of the past season has satisfied us that the town has adopted the best course in owning the teams employed upon the repair of its highways, more work being done, and in a more satisfactory manner, in this way than by hiring teams. The town has now seven horses, one yoke of oxen, carts, stone drags, harnesses and tools, worth nearly or quite \$4,000, on hand, ready for work in the spring, the horses and oxen earning their keeping through the winter.

The construction of a large culvert on Washington Street, at the Lower Mills village, from near Richmond Hall to near Dorchester Avenue, at an expense of nearly \$1,400; also the grading of High and Taylor Streets, widening and grading a part of Commercial Street, a part of Neponset Avenue, a part of River Street and a part of Boston Street; are included in the expenditures for highways. The pay of the laborers upon the highways has been \$1.75 per day each. When our citizens remember the number of miles of roadway in the town to be kept in repair, and the constantly increasing travel, they must be aware that no small sum of money can keep them in good order. Although so much work has been done on the highways, and that work distributed all over the town, the calls of our citizens for still further repairs and improvements have been many and pressing.

We feel that we should be unjust if we should omit to say we have been abundantly satisfied with the services rendered by Mr. T. P. Lucas.

CEMETERIES.

As long ago as April, 1853, the subject of purchasing land for a new cemetery, or for enlarging the present ones, was considered in town meeting, but no land has as yet been bought. The time when absolute necessity will require the purchase of another cemetery lot, or the enlargement of the present lots, is near at hand. By an Act of the Legislature, passed last winter, the town has the power granted to obtain land adjoining the present cemeteries, upon certain conditions. During the past summer we have had a small number of lots in the north cemetery graded, and granite bound posts set. These lots we have granted (but only in cases of imperative need,) to our citizens, upon the payment to the town of fifteen dollars for each lot taken, to defray the expense incurred.

A committee of the Dorchester Antiquarian and Historical Society was authorized by us to reset and recut a number of the monumental stones of the forefathers and earliest settlers of this town. It is very desirable that these stones, marking the resting places of the honored dead, should be carefully preserved. The very marked improvement in the appearance of our cemeteries within the last few years is creditable, and should continue.

FIRE DEPARTMENT.

The report of the Chief Engineer of this department is annexed. A steam fire engine is being built by Messrs. Hunneman & Co. for this town, and a brick engine-house is building for its reception. We congratulate the town upon the infrequency of fires the past year.

LIGHTING STREETS.

Many new lamp-posts and lamps have been erected by our citizens the past year, which lamps are lighted at the expense of the town.

Total expenditure for lighting streets the past year, \$3,650.31.

POLICE AND WATCHMEN.

The expenditure for police services has been but \$473.00.

This small sum has been sufficient for the purpose, although included in that amount is a considerable sum paid for serving notices, issued by the Board of Health to landlords and occupants, to abate nuisances on their premises the past summer.

We are of the opinion that the good order and quiet of our town, whereby the expenditure of a larger sum was uncalled for, is in a great degree attributable to the enforcement of the prohibitory liquor law.

STATE AID TO SOLDIERS AND SOLDIERS' FAMILIES.

By an Act of the Legislature of 1866, approved April 23, 1866, we have been obliged to pay to disabled soldiers and their families, and to families of the slain, \$29,272.00, that amount being distributed to two hundred and eighty-six applicants under this law, and eight persons under former laws. This sum we had no anticipation of being obliged to pay when the appropriations were voted by the town. We have endeavored to do justice to all, and have been governed by the law, as we understand it, and by the advice of the Auditor of the Commonwealth in his circular. This expenditure is to be re-imbursed by the State on or before December 1, 1867.

INCIDENTAL AND GENERAL REMARKS.

Under the head of incidental expenditures has been paid : For stock and labor on Norfolk Bridge, \$350; to N. W. Tileston, Esq., for services preparing the Rebellion Record, \$243.12; to Samuel Blake, Esq., for examining and copying records at Dedham, Boston, Cambridge and other places, for the use of the assessors, \$127.50. Also paid for abating a nuisance on premises at Neponset Village, by order of the Board of Health, \$266.50. This bill is a lien upon the premises, and is in course of collection. In three cases the town has been sued by as many persons for damages, alleged to have occurred from defects in the highways, &c. In each, the prosecutor was non-suited. Messrs. H. A. Scudder and A. C. Clark have

been paid \$80 for legal advice and services in these cases.

Spring Lane, a town way, has been made passable at a cost of \$127.50.

By an arrangement with the land owners on Boston Street whose land was taken by the County Commissioners to widen said street, instead of building a heavy stone wall to hold the filling, we have made an earth embankment and built a fence on the line of the street, at a cost, for fencing, of \$231. A stone wall has been built on River Street, near the crossing of the Boston and Providence Railroad, to hold filling for widening said street, which, by a misunderstanding between our Board and the engineer who had the oversight, was much more expensive than was necessary. No work has as yet been done on the new street ordered to be built by the County Commissioners at Hyde Park; it must be commenced as soon as the spring opens. Fairmount Avenue must be graded to correspond to that ordered by the Commissioners when that avenue was laid out.

The bridge across Neponset River, from Hyde Park to Milton, (Fairmount,) should be rebuilt the coming summer. We are of the opinion that it is for the interest of the towns of Milton and Dorchester to build a bridge of stone rather than another of wood.

The draw in Tenean Bridge, at Commercial Point, having become so much out of repair as to be unsafe, (a heavily loaded team narrowly escaping falling through,) we were obliged to thoroughly rebuild it from foundation to planking, at an expense of about

\$2,000. The remainder of this bridge must, in a few years, be rebuilt, as we find some of the piles are nearly rotted off. It seems to us that if the Legislature would grant the town the right to make all the bridge, excepting, perhaps, a small portion near the draw, of solid material, it would be best to do so.

The Town Treasurer has been obliged by law to pay \$519, on account of the militia pay rolls of the Dorchester Rifles, which sum is to be refunded by the State.

A settlement has been effected with the Boston, Hartford and Erie Railroad Company, for labor done in raising the crossings of their railroad on Stoughton, Harvard and Norfolk Streets. We congratulate the town and that corporation upon the prospect of success which now appears to attend this hitherto unfortunate enterprise, and the probability that the town, which has so long been disfigured and discommoded by the railroad track unused, is now to be accommodated and improved by the running of frequent trains over it at low fares. The officers of this corporation acknowledge that this town has been lenient and forbearing, and they agree, the coming summer, to replace the unsuitable bridges on Harvard and Norfolk Streets with more safe and substantial structures, and also to improve the ascents to the bridges. We anticipate a great improvement in the value of property on the line of this railroad in Dorchester within a few years.

The amount of uncollected taxes for the year 1865 in the hands of the Collector, is only \$800. A very

large proportion of the tax for the year 1866 has been paid.

The Town Treasurer has not as yet been obliged to borrow the \$15,000 which he was authorized to by vote of the special town meeting. The instalments due on the town debt, and the interest due, have been paid at maturity. The debt of the town has been decreased \$9,000. Guide-boards for the direction of travellers are erected in all the streets where, in our opinion, they are necessary. With a continuance of the present good order, good roads, low taxes, and remarkable freedom from unhealthy or offensive trades in this town; with its unsurpassed beauty of scenery, pleasant drives, and proximity to and easy and frequent communication with Boston from all parts of the town, we have reason to expect a rapid increase in its wealth and population.

JAMES H. UPHAM,
WILLIAM POPE,
W. HENRY SWAN,

Selectmen of Dorchester.

AUDITORS' REPORT.

The undersigned hereby certify that we have examined the accounts of Thomas F. Temple, Treasurer, and find the same correctly cast, and all expenditures and payments are sustained by the necessary vouchers.

There has been received by the Treasurer, from all sources, the past year, including the balance on hand February 1, 1866, three hundred seventeen thousand four hundred seventy and $\frac{67}{100}$ dollars, and there has been paid from the treasury, during the same time, two hundred ninety-four thousand seven hundred sixty-four and $\frac{8}{100}$ dollars, leaving in the treasury February 1, 1867, twenty-two thousand seven hundred six and $\frac{59}{100}$ dollars, as shown by the above account.

W. F. TEMPLE,
GEORGE HAYNES,
Auditors.

DORCHESTER, February 1, 1867.

 REPORT OF THE CHIEF ENGINEER.

To the Selectmen of Dorchester:—

GENTLEMEN,—As one of the duties of the Chief Engineer of the Fire Department, I herewith present to you the Eighteenth Annual Report of its condition, the amount of expenditures under the direction of the Board of Engineers; also the record of fires and alarms that have occurred during the past year.

I am happy to state we have not been called upon to extinguish fires in town but six times, and can congratulate your board and the town upon the small loss they have sustained by the dreaded element.

The promptness and efficiency of the several companies, when they have been called out, show that they can be depended upon in time of need, and are deserving of honorable mention.

I would again suggest the necessity of reservoirs being built in different places in town, where a scarcity of water exists. The constantly increasing number of buildings being erected in many localities, must make it apparent to all that a timely supply of water may prevent a serious conflagration, should a fire occur in an unfavorable time. Let me at least recommend that a committee be chosen by the town to take the matter into consideration, to report at some future meeting.

In speaking of the condition of the several engines and apparatus belonging to the Department, it would be a neglect of duty on my part if I did not again call attention to the necessity of providing Engine Company No. 1, with a better apparatus for extinguishing fires than the old engine now used by them ; for it cannot be worked with that promptness and efficiency that may be required in its own district, and out of it, it is almost useless.

Engine Company No. 2 has been provided with an engine and other apparatus most of the time the past year. The Board have done the best they could under existing circumstances, and hope that the new house and engine will be completed and added to the Department by the first of April.

No. 3 Engine has been put in thorough repair and painted the past year ; also an addition made to the house, and the inside sheathed and re-plastered. With the exception of painting the outside, it is hoped that it will not be of much expense for some time to come.

No. 4 Engine House will require some repairs inside the present season. This house is in the town of Milton, and many of the citizens of Mattapan have expressed their desire that it be removed across the river into Dorchester. It is a matter, I think, that should be brought before the town, before any action is taken.

No. 5 Engine House will require shingling, and some repairs inside, this year.

No. 6 Engine House has had a new hose-tower built, and some improvements made inside ; also 350 feet of new leading hose has been purchased. It is hoped that this house and apparatus will not require much outlay for some years.

The Hook and Ladder is in serviceable condition.

The total amount of expenditures on account of the Department for the past year, has been \$3,976.54, viz.: For repairs, fixtures, &c., \$1,740.70 ; new hose, \$821.50 ; salaries, \$886.25 ; incidentals, \$528.09.

The Department is organized as follows :—

SYLVESTER H. HEBARD, *Chief Engineer.*

Assistant-Engineers.

GEORGE G. DENNISON,

JAMES T. OLIVER,

HENRY FOBES,

NATHANIEL WITHINGTON,

THEODORE HERSEY.

There are now six companies in commission, viz.:

Fountain, No. 1,	. . .	37 members,	Charles F. Hall,	<i>Foreman.</i>
Protector, No. 2,	. . .	16	L. P. Bird,	"
Torrent, No. 3,	. . .	33	J. F. Hewins,	"
Alert, No. 4,	. . .	38	J. H. Burt,	"
Independence, No. 5,	. . .	37	H. A. Allyn,	"
Tiger, No. 6,	. . .	69	J. B. Graham,	"

Mattapan Hook & Ladder in charge of two persons, Sam'l Bridget, *Steward.*

Annexed is the record of fires and alarms from February 1, 1866 to February 1, 1867.

Respectfully submitted.

S. H. HEBARD, *Chief Engineer.*

DORCHESTER, February 1, 1867.

CLASSIFICATION OF CAUSES, &c.

Their diseases were—

Accidental,	8	Exhaustion,	1
Apoplexy,	7	Fever, Brain,	1
Bronchitis,	4	Lung,	4
Cancer,	1	Scarlet,	1
Canker,	1	Spotted,	1
Childbirth,	1	Typhoid,	4
Cholera Infantum,	5	Hemorrhage,	2
Cholic,	1	Infantile,	8
Congestion of Brain,	3	Inflammation of Brain,	1
Consumption,	34	of Bowels,	1
Convulsions,	4	of Lungs,	2
Croup,	7	Jaundice,	1
Diarrhœa,	1	Marasmus,	1
Diphtheria,	1	Meningitis,	1
Disease of Abdomen,	1	Mortification,	1
of Bladder,	2	Old Age,	10
of Brain,	3	Paralysis,	3
of Heart,	6	Pleurisy,	2
of Kidneys,	1	Pneumonia,	5
of Intestines,	1	Premature Birth,	4
of Liver,	2	Scrofula,	1
of Lungs,	1	Stoppage,	1
of Skull,	1	Teething,	1
of Spine,	1	Tumor,	1
Dropsy,	5	Whooping Cough,	5
" on Brain,	2	Not stated,	9
Drowned,	2		
Dysentery,	3		
			181

The ages of the deceased were—

Under 1 year,	30	50 to 60 years,	12
1 to 2 years,	9	60 to 70 "	16
2 to 5 "	9	70 to 80 "	10
5 to 10 "	9	80 to 90 "	12
10 to 15 "	6	90 to 100 "	2
15 to 20 "	7	Not stated,	6
20 to 30 "	15		
30 to 40 "	25		
40 to 50 "	13		181

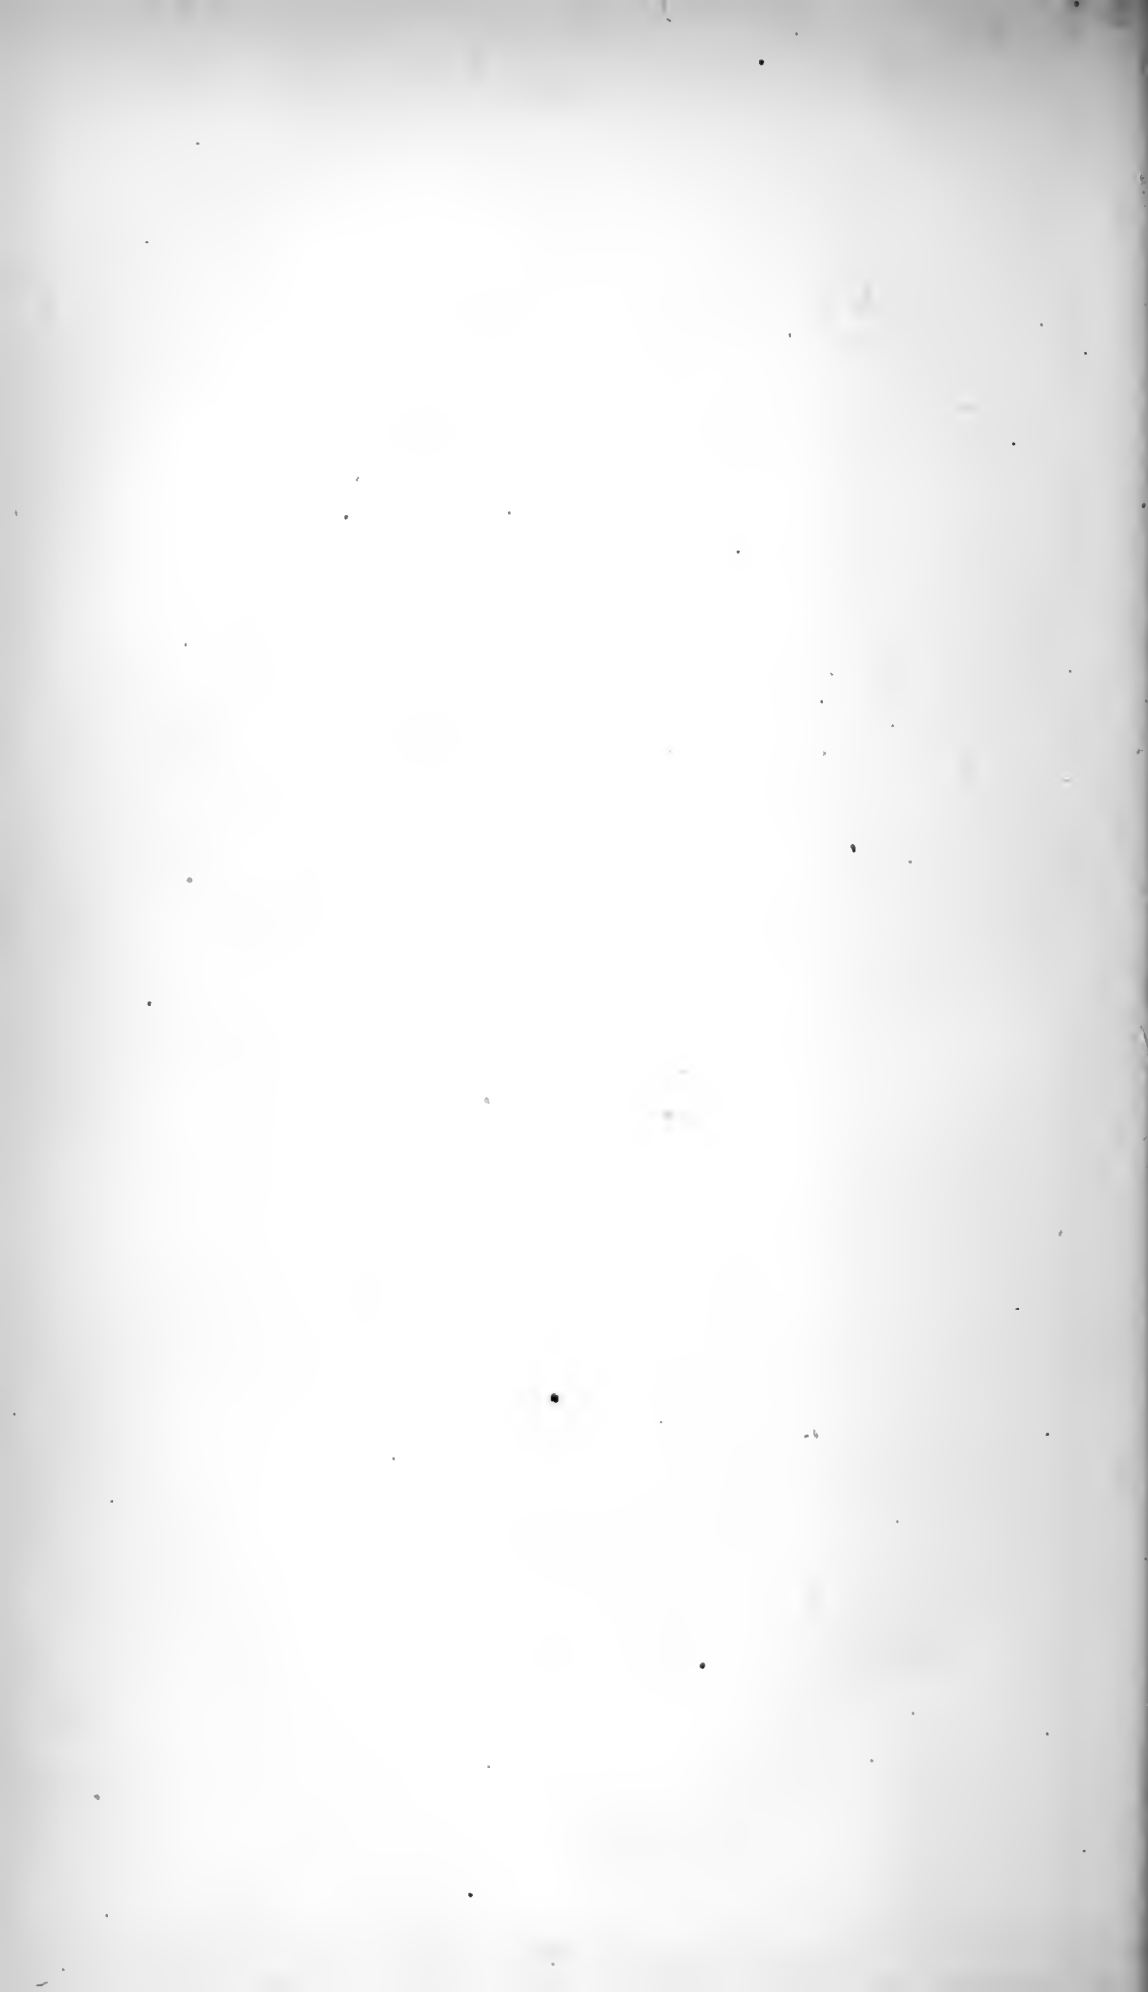

The deaths were in the month—

January,	13	August,	22
February,	19	September,	14
March,	10	October,	13
April,	13	November,	18
May,	17	December,	12
June,	10		
July,	20		181

The places of their nativity were—

Dorchester,	65	Germany,	1
United States,	80	Sweden,	1
Ireland,	27	Bavaria,	1
British Provinces,	3	Not stated,	1
